## THREE HURT IN QUEER CRASH

Street Car Strikes Big Steam Roller; Both Drivers Injured

Woman Passenger Cut by Glass From Windows

In a collision between a steam roller belonging to the county and an Oakland-bound street car in the Cherryland district, three-quarters of a mile west of Hayward, this forenoon, Mortimer Smith was thrown from his car and seriously injured and J. H. Marlin, of San Lorenzo, operator of the steam roller, also received injuries. He was taken to the office of a physician in Hayward for treatment.

An unidentified woman was cut by flying glass on the car and was taken in an automobile to San Leandro.

The street car was badly damaged in the crash.

The accident was at a group of trees at the entrance to Cherryland tract, where the steam roller was fastening the approaches to the subdivision.

The street car was fairly upon the roller before the latter was seen and Conductor Smith was unable to lessen speed materially.

## MYSTERY IN DEATH

Tragic Auto Accident Involves Loss of Valuable Diamonds of Victim, Mrs. Plaw.

That there is little mystery surrounding the tragic death of Mrs. Alfred Plaw, wife of the famous hammer-thrower, who died following an automobile accident last Thursday night near South San Francisco, was declared today by her sister, Mrs. Doris Wilson of Lark street, who was at Mrs. Plaw's bedside before she passed away.

As to the circumstances of Mrs. Plaw's death, Mrs. Wilson had nothing to say, declaring that the family was too upset over the tragedy to make an investigation of their alleged disappearance.

Mrs. Plaw was the daughter of George H. Hutchinson, a mining man of 3026 Lark street, and was secretly married to Plaw in Reno in 1912, the wedding being kept from her parents for a long time.

The two other members of the picnic which resulted in the death of Mrs. Plaw were Miss Lord and William H. Gross-Kirch, the owner of the hotel in which the Plaws resided who drove the machine. The occupants with the exception of Mrs. Plaw, were not seriously injured. Both were pinned under the machine. The police are searching for the occupants of the Ford car who assisted the party in the hope that they can throw some light on the matter.

Mrs. Doris Wilson is on the verge of hysterics, and was scarcely able to tell the story this morning, but for the fact that she wished to correct statements which she claimed were grossly erroneous.

The funeral of Mrs. Plaw took place (Continued on Page 3, Col. 4)

## Cannon Brings Suit for \$25,000 Damages

DANVILLE, Ill., Nov. 7.—Congressman Joseph C. Cannon has brought suit for \$25,000 damages against the Press Democrat, a local Democratic paper. While the practice does not arise from cause of action it is based on the fact that the paper published an article in which the plaintiff was named in an article contributed by Dr. Senator Pettigrew, which was printed by the defendant during the recent hotly contested election, in which the former speaker defeated Congressman Frank T. O'Hair.

## Resort Residents Hear Heavy Firing at Sea

LONDON, Nov. 7.—Residents of Herne Bay, a seaside resort on the east coast of England, were awakened between midnight and 1 o'clock this morning by the sounds of heavy firing in the North Sea. Herne Bay is situated on the estuary of the Thames, six miles northeast of Canterbury.

## Berkeley High Wins Rugby Championship

BERKELEY, Nov. 7.—Berkeley High school won the city's championship at rugby this morning by defeating the Alameda High school team 17 to 0 on the twelve street grounds. Berkeley is now a contender for the state academic championship.

### LAST OF GERMAN FORTIFICATIONS IN RUSSIA ATTACKED

PETROGRAD, Nov. 7, via London, 2:40 p. m.—Russian forces are attacking the German position at Sieradz, on the Warthe river, in Russian-Poland, southeast of Kalisz, and about fifteen miles east of the German border, according to information reaching Petrograd today. This engagement marks the beginning of the Russian advance against the last fortified German position on Russian soil. The Germans are heavily entrenched at Sieradz and appear determined to dispute the crossing of the river Warthe.

### REPORT CAPTURE OF 18,500 MEN.

PETROGRAD, Nov. 7.—The left wing of the Russian army in engagements taking place between October 23d and November 4th on the front in the vicinity of Cracow took prisoner 274 officers and 18,500 men of the enemy, according to information given out today. In addition to these prisoners, the Russian forces captured three Howitzers, forty pieces of artillery, thirty-eight rapid-fire guns and a large quantity of material for the manufacture of cartridges.

### FORCE BACK RUSSIANS, CLAIM.

BERLIN, via London, No. 7, 5:18 p. m.—The following official communication was given out at German army headquarters this afternoon: "In the eastern arena of the war three divisions of Russian cavalry which crossed the river Warthe, above Kolo, were defeated and pushed back across the stream. There have not been any encounters elsewhere."

"Our attacks in the direction of Ypres yesterday also progressed favorably, especially southwest of Ypres. Over 1000 French soldiers and three machine guns were captured."

"The French attacks west of Noyon, Vailly and Chavonne were repulsed with severe losses to the enemy."

"The village of Souper, which had been defended by a small German force, and the western part of Sapigneul, which was heavily bombed by French artillery, were evacuated by us."

"French attacks near Servon were repulsed and in the Argonne the French were forced back."

### PLAN ADVANCE ON BOULOGNE.

PARIS, Nov. 7, 7 a. m.—Having been driven by gun fire and flood from the road to Dunkirk, the Germans appear to be concentrating all their energies on the Ypres-Arras line with the object of reaching Boulogne through the valley of the Canche river.

Three recently-formed army corps, the Eighteenth from Frankfurt, the Eighth from Coblenz and the Tenth from Hanover, have been brought up to stiffen the German troops, who are exhausted after nine days' of ceaseless fighting.

The troops are being massed around Arras behind strong positions at Beuvais, Tilley and St. Laurent de Blangy. Preparatory cannonading has become intense in the last two days, according to a resident of the district, just arrived in Paris, and infantry attacks have apparently had the object of testing the French strength.

It was remarked that the enemy seemed to be abandoning the mass methods of advancing and tried attacking in open order.

## TO-DAY'S WAR DEVELOPMENTS

The German attempt to reach the Straits of Dover, prosecuted with such reckless abandon and courage as to bring praise even from the foe, appeared today to have relaxed temporarily. Along the Yser, from the sands of the North Sea coast to the ruined town of Dixmude, the situation today was reported "relatively quiet."

Along the rest of the battle line which stretches across France important advantages are said to have been won by the allies. Today's official French statement says that the British and French forces have repulsed German attacks along almost the entire front and that northeast of Verdun, where the territory has long been disputed with exceptional ferocity, two villages have been captured by the allies.

South of Ypres, on the line extending down over the French border to Arras, the Germans are preparing another furious onslaught, spurred on by their Emperor. The main battle there upon which depends so much for the Germans and allies alike has not yet begun.

Pending decisive developments on any of the European fields of battle the fall of Tsing-Tau held first place in the attention of military men today. Official reports from Tokyo show that it was not without desperate resistance that the German garrison, vastly outnumbered by British and Japanese, gave up the fight.

The vice-minister of the navy states that Japan will hold Tsing-Tau until the war is over, when she will "open negotiations" with China.

When the fighting at Tsing-Tau is at an end the question is raised as to what Japan will do next. It is suggested that she will now inaugurate an offensive naval campaign on the Pacific, employing the fleet released from the bombardment of Tsing-Tau in an attempt to run down the German warships which wrought such havoc to British shipping and defeated the British fleet off Chile.

## DRYS TO TRY AGAIN PUPILS' RUN CITY

Prohibition Leaders Hope to Bring State Issue Up in Two Years.

LOS ANGELES, Nov. 7.—Another Prohibition election for 1916 is being planned by dry leaders, according to announcement today, despite the apparent success of Amendment 47, which limits liquor elections to once in eight years. If this amendment has carried, S. W. Odell, president of the California Federation, which conducted the prohibition campaign, declares its validity will be tested in the future, and it is found to be unconstitutional as he believes, the liquor question will be again on the ballot two years hence.

Dr. Guy W. Wadsworth, superintendent of the federation, says the next campaign will be conducted under the old amendment, and that the prohibition would affect the two expellations.

"A switch of 25,000 votes from the liquor side would have made the state dry this year," according to our figures," said Wadsworth.

## Rural Carrier Hauls Brick Parcels; Collects

LOS ANGELES, Nov. 7.—Carriers on rural mail routes who are paid much handling freight than the government charges under its parcel post rates have been employing "unusual methods" to enrich themselves at the expense of Uncle Sam, according to postal inspectors here. One carrier on a certain route contiguous to Los Angeles who gets 50 hundred pounds for deliveries, has been hauling back and forth a ton of brick done up in 50-pound packages, on each of which the parcel rate is 34 cents. The carrier's net profit on each parcel, therefore, has been \$1.45 and so far as government agents can ascertain the carrier cannot be brought to book under any law.

Other carriers, Inspector C. S. Ranger said today, were going into the grocery business, particularly in mountain country where the carriers get a higher rate for transportation than the government charges. They are thus enabled to undersell grocers who are not rural route carriers.

## Bridge Will Contest Election of Heyer

Superior William E. Bridge, who was defeated for re-election in the second district by Mayor Charles Heyer of Hayward, will file a contest and ask for a recount of votes in the election, according to rumors about the election today. A judge was ordered by the superior court to look into the matter and to report to the court by November 10th. The judge is expected to report that the election was fair and that the results should stand.

## Foil Attack of Cuban Soldiers Upon Police

## Princeton Defeated on Harvard Stadium

CAMBRIDGE, Mass., Nov. 7.—Harvard won the annual Princeton game this afternoon, score 20 to 0.

From the first period, when the Harvard players made a goal from the field, until the final whistle, the Tigers were hopelessly beaten. At the end of the first period, the score stood, Harvard 12, Princeton 0, and while the visitors held the conquerors even in the third frame, the Harvard players scored seven more points.

## Four Warships Pass Callao, Bound South

Callao, Peru, Nov. 4, 5 p. m. (Despatched by telegraph).—Four warships passed out to south bound today. They were the battleship USS Oregon, the cruiser USS Albatross, the destroyer USS Thetis, and the submarine USS Plunger. They were bound for the Pacific Ocean.

# THE JOURNEY OF LIFE

Somebody has likened the journey of life to a lane between two rows of sphinxes.

Mysteries are on every hand—mysteries of personal life, of human character and relationships, and of mortal destiny.

Everybody who thinks at all has mused over the great questions.

China's philosophers sought a solution of the puzzles which life brings. So did the ancient Greeks, Romans, Hebrews, Persians and Hindus.

**"Why? Whence? When? Where? Whither? How?"**

So through the questions to which complete answer has never yet been given.

But ability to ponder these problems is the mark of man, and of man alone.

"A man's reach should exceed his grasp. Else what's a heaven for?"

True, there are some men whose thoughts never rise higher than the sporting page. These, however, are not the citizens to whom the state looks for a solution of its thronging perplexities.

The men for the times are men who think, and who think deeply, upon the big themes.

Leadership takes brains, and brains trained to consider the fundamental human problems.

What are you doing, Reader, toward mastering the mysteries of life; and toward equipping your mind upon the greatest of all subjects?

The immortal Wisdom Literature must be sought for somewhere else than in the daily newspaper.

In the old, unhurried days, when people thought about fewer subjects but thought more profoundly upon them, they called Theology "The Queen of the Sciences."

For Theology is what men think about God.

And all the mysteries are wrapped up in the mystery of God.

To know Him is wisdom, and to know Him is life.

By which step we come to the suggestion which is the reason for this advertisement.

**The Church Helps Men to Think About the Higher Themes.**

More than that. The church is the only institution which is regularly engaged in teaching all the people the truth that sheds light upon the race's oldest mysteries.

One reason why church-going folk are usually serious, self-restrained, responsible and thoughtful citizens—the backbone of every community—is that they have all their lives, week after week, been giving attention to the most elevated themes.

They have learned to think, and to think upon high things.

The preacher is a trained specialist upon the theme which affect human character, conduct and destiny.

The most thorough, fearless and penetrating thinking upon the subjects of deepest human concern is done by the ministers of the gospel.

FRUITVALE, Nov. 7.—That the space between the street car tracks should be laid with standard concrete and blumen standard pavement, similar to that laid on the roadway of other cities, was the resolution of the Fruitvale Board of Trade at its meeting last night. A petition, signed by the property owners and tenants on East Fourteenth street, in this district, will be presented to the city council asking that the city council order the Fruitvale Railway Company place a standard pavement between its tracks and the roadway of the street. The company's workmen are engaged in lowering the tracks on East Fourteenth street to the level of the newly asphalted roadway on either side. The company's intention was to grade the roadway between the tracks. The Board of Trade, however, holds that the space between the tracks should be asphalted. The laying of an asphalt roadway on East Fourteenth street from Thirtieth to Thirtieth street is almost completed.

The writer states that extraordinary precautions are taken to make the city as inconspicuous as possible at night time to air raiders. Window shades are pulled down on the street cars in the evening and all residents have been warned not to show any lights. While the war has taken away thousands of young men from the capital, according to the letter, things go on pretty much as usual, and there is a spirit of optimism. Entertainment are held nightly, many of which are organized by society people to raise funds for the care of widows and orphans of soldiers.

MISS KATHERINE MAXWELL, WHO WAS A CHARMING ASSISTANT AT THE APRON BOOTH.—Scharz photo.

IN California the same social conditions prevail that one finds in New York, in London and in Paris. On all sides is heard the note of appeal or the suffering women and children of poor, ill-fated Belgium. All the world is trying to do something to alleviate the suffering and an unselfish appeal goes up everywhere for help. Among the large events planned for the near future is a grand ball to be given at the Oakland for the benefit of the Belgian relief fund. H. J. Capwell is giving the project his energetic support and of course the ball will be given at the Oakland. Everybody will go, for besides being an interesting event it will represent a great unselfish movement for the relief of women and children.

There was a meeting at the Ransome school on Wednesday morning for the relief of the Belgians and the address was made by Mrs. Hoover, the well-known American woman who was able to do such wonderful relief work in London in the opening days of the war. Californians came promptly to the foreground in London and they had seen relief work in San Francisco, so they were the most effective workers London had. Among the leaders were Mrs. Hoover, Mrs. Rickard (Abbie Church) and Mrs. John Power Hutchins (Beulah McNear).

Mrs. Hoover gave at the Ransome school a very touching account of the abject misery of the poor Belgian women, whose homes have been burned and many of whom are living with their little ones in caves in the ground and starving there. And the cold winter, characteristic of Belgium, is coming on and it is doubtful if many of them survive the winter. It is a picture of the most abject misery the world has ever known.

So the Belgian relief fund makes an appeal that goes straight to one's heart and the men who are planning the big ball will find the enthusiastic effort and the genuine good will of the women of the smart set brought to the support of their charitable project.

And in Oakland our women of the smart set are beginning to knit. It is said that knitting is prescribed as a cure for nervousness. It is well known that the late Robert Louis Stevenson loved to knit, when he was nervous, and as he knitted he formulated many of his stories.

A call has gone out for warm knitted things for the Belgians, for knitted shawls, and it is a well-known fact that the Belgian women need and love knitted petticoats. Socks are to be made, warm stockings are to be knitted, and caps for the soldiers.

One of the changes one finds in England is in regard to the occupations of the women. It is said that if England should decide to replace its fashionable crest with another it would not be a bad idea to adopt a figure of a woman knitting.

One reads of this favorite activity: "For every British woman knits. If an American woman should play the needles with the same industry the explanation would be offered that she did it for her nerves. But the British woman has no nerves. Over in England now they are all knitting for charity. They knit, knit, knit, between the courses at dinner and on the train. One woman was seen knitting during the progress of a war relief concert. They knit at the tea hour in the smart clubs and at the tea hour in private residences."

In Burlington the women of the smart set are knitting every afternoon and one begins to see the same general activity on our side of the bay.

Mrs. Hayward Thomas gave a very successful musicale recently at her home in Summit street for the Belgian sufferers, and one hears that other plans are being formulated so that Oakland may do her share in aiding the suffering women who are in the heart of war's terrible tragedy.

**TELLS OF WORK FOR BELGIAN RELIEF.**

Mrs. Hoover told the women assembled at the Ransome school all about the American women's war relief fund in Old Burlington street, London. The president is the well-known American woman, Lady Paget, and the chairman is the Duchess of Marlborough. One reads of it:

"Another factory has been opened in Woolwich, employing about thirty women. This is situated in one of the most healthy positions overlooking the large common. There is every convenience for workers to cook their own dinners and they are provided

with a free tea. Islington, one of the poorest quarters of London, is the next district where the economic relief committee propose to open a workshop.

"This scheme interferes with no organized trade and will work in connection with the Queen's central committee of women's employment. Various premises have been offered for the extension of this economic relief scheme, the usefulness of which must be apparent."

The women who are standing for a great deal of the relief work in London are Minnie Paget, Consuelo Marlborough, Ava Astor, Evelyn Burns, Jennie Randolph Churchill, Edith Morton Easton, Julia Henry, Lou Henry Hoover, Ruth Bryan Owen and E. Paris Singer.

Mrs. Hoover is a Californian and is now here, but she will return to the continent in the near future.

**COOGAN RECEPTION DELIGHTFUL AFFAIR.**

One of the most delightful receptions of the season was that given on Thursday by Mrs. T. C. Coogan and the Misses Coogan in honor of the beautiful young bride, Mrs. Albert Joseph Coogan. The "at home" was given at the Coogan residence on Vernon Heights and a large number of the friends of the family responded to the invitations sent out by Mrs. Coogan and her daughters, the Misses Marjory and Helen Coogan.

Happy is the hostess who can entertain in the month of chrysanthemums, for her home presents a background altogether lovely. Beautiful chrysanthemums were gracefully arranged in the drawing room, in the

hall and in the dining room of the Coogan home, and it all made a charming environment for a bright and colorful scheme.

Mrs. Coogan, Mrs. Albert Coogan and Miss Marjory Coogan received the guests of the afternoon. Mrs. Coogan making a lovely picture in a most attractive gown of old rose with a lace overdress and with lovely lace outlining the bodice. The gown was set off by a wide sash in the prevailing style and was exceedingly handsome.

The bride, Mrs. Albert Coogan, wore her handsome wedding gown of white satin, the gown most elaborately trimmed in lace. She is very lovely and one of the sweetest brides of the year.

The Misses Helen and Marjory Coogan were their bridesmaids' gowns of pink chiffon, and the gowns of the receiving party were most attractive.

Mrs. Coogan was assisted by a few of her intimate friends, among them Mrs. Edward Walsh, Mrs. Hayward Thomas, Mrs. John F. Connors, Mrs. William Letts Oliver, Mrs. Charles Snook. Among the younger matrons who assisted the hostess in receiving were Mrs. Ben Reed and Mrs. Warren Harrold.

Very attractive gowns were seen at the reception. Mrs. Hayward Thomas wore an exceedingly attractive gown in blue, planned on most becoming lines. Mrs. Walsh wore a reception gown of white satin and Mrs. William Orrick wore one of her attractive tulle gown.

The "returned travelers" at the tea all held receptions of their own, all their friends were so glad to see them. Among them was popular Mrs. East-

brook. Many lovely autumn costumes were seen at the reception, among them those worn by:

Mrs. Thomas Coogan, Mrs. Robert Fitzgerald, Mrs. John L. Lohr, Mrs. A. A. Case, Mrs. William Adams, Mrs. A. H. Mrs. Coogan was also assisted in receiving her guests by Mrs. Emmons of Alameda and by pretty Miss Gladys Emmons, the younger sister of the bride. In the receiving party was also Mrs. John J. Donovan (May Coogan), one of the most popular of the young matrons, who looked exceedingly well in an attractive gown of pink, very effectively designed.

Mr. and Mrs. Albert Coogan have established their own home on Rose avenue, Piedmont, and it is one of the most delightful of the newer homes in the Piedmont district.

**CARDS AND TEA BY LADIES' RELIEF.**

The card party and tea to be given for the benefit of "The Ladies' Relief Society of Oakland" is set for Wednesday, November 18, and it will be given at the residence of Mrs. Granville Abbott, 25 Crocker avenue, Piedmont.

There will be cards at 2 and tea at 4, and a large receiving party will assist Mrs. Abbott in entertaining her guests. It will be a delightful afternoon, because many well-known people are always interested in making the social affairs of the ladies' relief a great success, among them Mrs. Victor Metcalf, Mrs. Harrison Clay, Mrs. Harry East Miller, Mrs. Frank K. Mott, Miss Matilda Brown, Mrs. Arthur Breed, Mrs. Louis Ghirardelli, Mrs. Charles Butters, Miss Hallie Bakewell, Mrs. H. S. Kegan, Mrs. Frank Weston, Miss Miner and Mrs. Spencer Browne. **WEDDING IN HOLLISTER.**

Mr. and Mrs. Philip Hunt and their sons, Leroy Hunt and J. Murray Hunt, left yesterday for Hollister where the wedding of Miss Mary Ott and Leroy Hunt will take place this evening. There will be a church ceremony at which a number of guests will be present, and all later a reception at the home of the bride's parents, Mr. and Mrs. Otter Ott. Miss Alice McCoy, who was a classmate of Miss Ott, was one of the bridesmaids at the wedding. She is now in California, in the class of 1917, will be maid of honor, and there will be four

bridesmaids. J. Murray Hunt will be best man.

After a honeymoon in the south the young couple will return to make their home in Berkeley, where the Hunt family has resided a number of years. Both bride and groom are popular in the younger set of Berkeley, where they were prominent in college affairs. The groom is a member of the Phi Gamma Delta fraternity.

☆☆☆

**PLAYS FOR CHARITY.**

The Wig and Jig Club, which is composed of a number of talented members of the younger set in Berkeley, will give two plays at the Twentieth Century Club on November 23, the proceeds to be given to the Red Cross. The club has given performances in the past for friends of the members and the occasions have been interesting, both financially and artistically.

☆☆☆

**UNDERGOES OPERATION.**

The serious illness of Hiram Johnson, Jr., has caused much regret among Oakland friends of Mr. and Mrs. Johnson, the latter of whom was Miss Anna Bowles before her marriage. Mr. Johnson underwent a mastoid operation a few days ago in San Francisco and his condition is most critical. The Johnsons recently moved into their new home on Russian Hill after spending the summer at the Boxers residence in Claremont.

☆☆☆

**TEA DANCES POSTPONED.**

The tea dance that was to have taken place at the Palace this afternoon was postponed, owing to the death of Colonel Kirkpatrick, who was manager of the Palace and Fairmont. For the same reason the first Fairmont tea dance was postponed yesterday, and will take place later in the season. Mrs. J. Walter Scott and Miss Adele Scott, Mrs. Fred Schorcn and Mrs. James King Steele were among those who recalled invitations to a number of guests for this afternoon.

☆☆☆

**GIVE DINNER.**

Lewis Smith. The wedding will take place in February. Miss Smith is a graduate of the Girls' Collegiate School of Los Angeles, and is a favorite in the Pasadena society. Mr. Hobart is a son of Rev. and Mrs. C. H. Hobart, formerly of Oakland, and now of Sacramento. He is a graduate of the University of California in the class of 1910. The future home of the young couple will be in Oakland.

**DINNER DANCE.**

A dinner dance at the New Route Inn last evening was attended by a large number of guests and proved a most enjoyable affair.

**AMY'S LATEST ROMANCE WITH RUSSIAN COUNT**

It is not so long ago that Amy Crockett, Acme-Gilling-flourist, contracted her fourth marriage, bestowing her hand upon a Russian known as Prince Maskloff, but his right to the princely designation has been questioned. Amy is now back in New York, war's alarms having driven her from Paris; and they are saying along the Rialto and those Bohemian circles where Amy moves that divorce is about to restore her to freedom once more. Further, it is said that they are saying that Amy contemplates a fifth alliance, the happy man being designated as "a well known musician, for many years accompanist to a celebrated prima donna who died a few months ago in a far distant land." I hazard the guess that the prima donna thus referred to is Madame Nordica, who died at Batavia in Java. If I am right the musician who is said to be a candidate for matrimonial honors with our Amy must be Royce Simmons. Simmons was Nordica's accompanist for years and was remembered in her will by a legacy of some twenty-five or thirty thousand dollars.—Town Talk.

## SLANG AND ITS INFLUENCE ON MORALS

Slang exercises quite an influence on morals. The I-should-worry gas pervaded the country, shortly before the outbreak of the European war. Perhaps it is why neutrality has taken on such force and effect that nobody cares or dares to express an opinion; that is, in pure print. Presumably there is something to be said on the subject. If Belgium has boycotted German products, there would be extensive comment in our financial papers. The present odd of thought on the greatest war in history can be interpreted only on the basis that it has not been a war of aggression, but a war of neutrality of arms may be said to be a war of thought has never been looked upon as commendable. We quote from a little poem by Harold Begbie in the New York Times:

"We ask not that your shells should strike  
Above the flaming hill we climb;  
But speak, O sons of Lincoln, speak;  
Silence in this hour is crime.  
Your children judge not of us  
In hearing of the Belgian cry,  
Not only with the folded hand  
But with the cold, avowed eye."

## POLOISTS ARE COMING TO SAN FRANCISCO

The crack polo players of the East are preparing to descend upon San Francisco for the World's Fair polo matches, and Burlingame is intensely excited. Among those who are coming are Goadby Loew, Hal Phipps, Devereaux Milburn, J. S. Phipps, Rene La Montagne, H. P. White, Meyer, C. C. Rumsey, Watson Tebbbs, Thomas de Bouthilliers and Ambrose Clark. I do not pretend to know much about these poloists. Their comparative excellence on the field and their comparative social importance are practically unknown to me. I publish their names here for a praiseworthy purpose, to-wit: that many readers may familiarize themselves not only with the polo history of these heroes but also with their family annals so far as these are available. Ignorance of these great men is excusable now; it will be quite inexcusable when they burst into our midst. So one should lose no time in consulting Who's Who, the Social Register and other source books of social history.—Town Talk.

## AGED COUPLE WEDDED.

KANSAS CITY, Nov. 7.—Couple representing the two extremes of age were married by Judge John T. Simons in the Wyandotte County Probate Court. J. G. Woodward, 69 years old, a farmer from Brookfield, Mo., re-married Nancy Woodward, his former wife, 70 years old, of Piper, Kan. Both formerly lived at Piper. They were divorced about twelve years ago. "We're both old enough now to run a such touch-down as courtship," Woodward said. They will live at Woodward's home.

Robert Gachenman, 19 years old, married Pearl Burch, 14 years old. Both had the consent of their parents who were present.

## SHERIFF WANTS CATS.

MEMPHIS, Tenn., Nov. 7.—Every-able-bodied cat mounted to have a least one good cat and five from the bloodline is worth the fancy sum of 10 cents if delivered at the Sheriff's county jail between the hours of 2 a. m. and 6 p. m., according to an announcement by Sheriff Reichman and Jailer Joe Croom.

"We are determined to rid the jail of rats," said Croom, "and we want just as many cats as we can buy. Cats of any pedigree, breed, gender or color or size will be purchased until we have enough on hand. No racial or other claims will be accepted and those presented must have at least one good eye. We will give a dime apiece for them until the demand is filled."

NEW YORK, Nov. 7.—Miss Frances McCully, who has been glowingly welcomed into New York society, not because she is the granddaughter and heir-ess of the late multi-millionaire David H. Moffatt, of Denver, but because of her own unique charm, confessed yesterday that she had made a study of the problem of the "social climber."

The graceful young woman of 33 years, who has been the recipient, probably, of as many offers of marriage as any other girl in the United States, revealed the conclusions of her researches yesterday to a New York American reporter.

"The general way things are in the class, situations in which she places the bases back."

MAN (Western American)—Affects exaggerated type of masculinity. Wants to create impression of great strength.

MAN (Eastern American)—Lacks many qualities very often. Dawdles. Yawns when you speak of suffrage, and of European literature, of art, music and the important things of life.

MAN (American Indian)—Very old. Receives new proposals from a chief in New Mexico.

MAN (In General)—Three years' observations after a girl's ideal of him. He likes the man who clings and graft and tell lies.

"Before I made my debut," said Miss McCurg, "my ideal man was the football hero type, six feet tall, actually going to college and a good athlete. That is the type very young girls admire. It is only very good looking men they consider."

"If a girl meets many men she comes to the conclusion that good looking men are not always interesting. They are often lacking in character, because they are so good looking. Just as you would hardly honestly a man is, if he is interesting, kindly, well mannered and has brains."

"Western men affect to be rather conservative in their estimate of men. They want to give the impression of great masculine strength. In the East the tendency is somewhat in the other extreme. The men are more of the effeminate type. They are often lacking in manly qualities. They dawdle, they yawn and affect to be thoroughly bored if one mentions a race or any of the much talked of topics of the day. Yet one must have men, at one's dinner, even if they only exert enough intelligence to smile at a witty

## BISHOP TO SPEAK AT BIG WOMEN'S MEETING

Right Rev. Bishop E. J. Hanna will address a mass meeting of the Catholic women of Alameda county tomorrow afternoon at 2:30 p. m. at St. Stephen's Home for deaf-mutes, Fortieth and Telegraph avenue, Oakland. The meeting has been called to attract a greater benefit to the thanksgiving offering to the deaf-mute children.

It is several years since a public appeal for funds has been made by the Sisters of St. Stephen's Home, which is supported by private contributions, but an empty treasury now forces them to ask for assistance. The meeting is being called and attended to all Catholic women on this side of the bay to attend the meeting. The following have already volunteered to act as members of the various committees: Mrs. J. F. Kelly, Mrs. Thomas Hogan, Mrs. R. A. Bray, Mrs. Oscar Butro, Mrs. M. Hayes, Mrs. D. O. Hamilton, Mrs. W. H. Donohue, Mrs. J. M. Mrs. E. E. Irwin, Mrs. K. H. Hammond, Mrs. T. Kigner, Mrs. James Gartland, Mrs. Jan. Reynolds.

**SHERIFF WANTS CATS.**  
MEMPHIS, Tenn., Nov. 7.—Every able-bodied cat guaranteed to have a "leash" one good eye and free from rheumatism is worth the fancy sum of 10 cents if delivered at the Shelby county jail between the hours of 2 a. m. and 6 p. m. according to an announcement by Sheriff Reichman and Jailor Joe Groome.

"We are determined to rid the jail of rats," said Groome. "and we want just as many cats as we can buy. Cats of any pedigree, breed, gender, color or size will be purchased until we have enough on hand. No fancy cats or kittens will be accepted and no one presented must have at least one good eye. We will give a written receipt for them until the demand is filled."

In opening my correspondence this morning I am impressed anew with the relatively small number of people that sign their names in legible fashion. People who write letters, comparatively easy to read, as to the contents, sign with a scrawl that required much patience and often considerable imagination to decipher. The probable reason for this is that we become so familiar with our own signature that we imagine the rest of the world actually so. This also explains why so many letters go astray. This is particularly true of mail is directed simply to a general address.

have been obliged to wear false teeth for a year now and the expression of my face has been for a month, has changed for the worse. I have never got accustomed to them and feel as if I was holding them in place."—Miss C. R. R.

If you will send me a stampel, self-addressed envelope I will forward you my directions for using the exercises which will help your expression. But are you sure your teeth fit well? Have been told that powder (I was told) would make false teeth that can be used when the suction is weak. Ask your dentist about this.

.....

"I am a young man 16 years old and my hair is very thin. I have done everything possible to make it grow. Will you please direct me to the best place on that subject?"—Your Reader L. H.

"All possible" is a vague term and perhaps you mean I might not do as well as what it means. I will keep your scalp clean and free from dandruff. Are you giving it a good scalp massage? I told you of it. I was told that men who suffer from falling or thin hair have a too dry scalp. If such is the case, do not wet the hair daily, but give the scalp a good massage with the fingers three or four times a day. Also rub into the scalp nightly a little vasoline.

"What is the best health good?" Hair growth is to say and we sometimes see youths with heavy hair but as a rule, the hair reflects the general health. Nervousness, depression, ill-health, and worry generally have thin hair. If you are suffering in any such way make up your mind to improve your general health by wise, hygienic living.

.....

Have several letters at hand asking for the exercises. I am glad to send these exercises as well as those for massaging the face and scalp. I will enclose all of which I have printed, but will enclose a stamped, self-addressed envelope with writing for them.

## JUDGE-ELECT IS ACCUSED OF CRIME

### OAKLAND CITY AND COUNTY LAW LOST

Amendment No. 19 Defeated; San Francisco Measure Carries.

LOS ANGELES, Cal., Nov. 7.—The Democratic County Central Committee claimed the election of Charles H. Randall as Congressman in the Ninth California District by a plurality of 350 over Representative Charles W. Byll, Progressive. The claim was based on figures from all but two of the 352 precincts in the district. Progressive headquarters had not heard from 15 precincts, and was not prepared to concede the election of Randall.

Returns nearly completed from all parts of the state indicate that Oakland Amendment No. 19, relating to the consolidation of city and county governments, was defeated; that the voters of California have approved the various bonding measures for new state buildings, including that for the University of California, while San Francisco's amendment, No. 21, was carried, and that Judge John E. Richards was elected associate justice of the district court of appeals for the First Appellate District over Frederick S. Stratton of Oakland. By the same latest compilation, it was shown that Lucien Shaw was re-elected associate justice of the supreme court, defeating John D. Murphy.

Bonding acts approved by the voters are these:  
University of California buildings.  
Sacramento state building.  
Los Angeles state building.  
San Francisco state building.  
San Francisco harbor bonds.  
State Fair grounds bonds for Sacramento improvements.

**POLL TAX ABOLISHED.**  
Several amendments of initiative or referendum measures were rejected by the voters, with important consequences.

**Poll tax is abolished.**  
The non-sale of game law, urged by the museum of vertebrate zoology at the University of California, failed to carry.

**Exemption of vessels from taxation.**  
A measure projected to build up coastwise marine shipping, apparently was defeated.

**Prize fights are abolished.**  
The drugless practice act was overwhelmingly defeated.

**Important direct legislation which the voters carried includes:**  
The redlight abatement bill.  
The minimum wage law.

**FAIR BONDS LAW CARRIES.**  
The enabling act, allowing Alameda county to issue \$1,000,000 bonds for the Panama-Pacific International Exposition.

The amendment empowering the State Railroad Commission to fix public utilities rates over companies.

Permitting the governor to run for United States Senator during his term of office.

Doubtful until more complete returns are obtained are:  
Amendment No. 5, the so-called "blue sky law."

No. 6, the water commission act.  
The amendment regulating investment companies.

That relating to constitutional conventions.  
Deposit of public moneys measure.

Condemnation for public purposes.  
Land title law.

Valuation of utilities by railroad commission.

Nothing but contest could now change the results announced in Alameda county elections, as the returns are complete.

**LOCAL MAJORITY FOR STRATTON**  
In state returns, which are still being received in numbers from remote precincts, the majority of Hiram W. Johnson for governor continues to grow and it is apparent now that he will have a legislature in full sympathy with him.

It was late returns which indicated finally last night that Justice Lucien Shaw had defeated John D. Murphy for re-election, and that John E. Richards had been returned to office over Frederick S. Stratton. Alameda county gave Stratton 10,000 majority. This was offset by 15,000 majority for Richards in San Joaquin, and scattered returns completed the tale.

**SOLANO'S VOTE.**  
Complete returns from every voting precinct in Solano county gave the following semi-official results:

For governor—Johnson 5467, Fredericks 2327, Curtin 1673.

For United States Senator—Knowland 4301, Phelan 2353, Henry 2240.

For chief justice of the supreme court—Angellotti 4516, Conley 4925.

For associate justice of the supreme court—Lawlor 6355, Murphy 4574, Shaw 2566.

For superior judge—Buckles 3255, Lynch 4747.

For district attorney—Lindner 5842, McInnis 4526.

Constable Vallejo township—Ward 2222, Savage 2762, McInnis 1921, Tobin 1942.

Justice of the peace, Vallejo township—Brown 2749, Fitzgerald 2523, Lyon 2492, Madren 1111.

Prohibition—No 5241, yes 2257.  
Eight-hour law—No 5755, yes 3557.  
Abatement act—No 4333, yes 2811.  
University of California building bond act—Yes 4584, no 2529.

### NIGHT GOWNS FOR BELGIAN REFUGEES

OAKLAND WOMEN WHO HAVE STARTED THE NOVEL "NIGHT-GOWNS-FOR-BELGIAN" MOVEMENT. TOP, MRS. B. L. MOSBACHER; LOWER, MRS. HANNAH KAHN ZEIMER.

Oakland Women Organize to Aid War Sufferers

Who'll give a nightgown for a Belgian woman?

This is the plea of the very latest move in the Belgian relief plans now being perfected in Oakland. The women of Oakland know that every woman knows and what every woman wants—and they declare that flannel nightgowns must be sent to Belgium—and at once. It's a case of practical charity, and one that will mean much, they declare, to the Belgian peasant women wandering, cold and hungry, about the war-swept nation.

The nightgowns will be sent with other California goods, on the relief ship soon to sail for Belgium. Complete plans have been perfected for a "women's campaign" for the nightgowns.

The work of collecting the nightgowns begins Wednesday. Mrs. Hannah Kahn Zeimer and Mrs. B. L. Mosbacher, who first thought of the novel means of assisting the women victims of the war, at once appealed to J. F. Carlston, the banker, who has donated them the use of the Federal Realty Building for a receiving station.

**BEGIN WEDNESDAY.**  
Here, Wednesday, an office will be opened for receiving the nightgowns. Other women are being added to a bar executive committee. The plan will be taken up in churches tomorrow and clubwomen all over the city have been urged to assist in the work. The campaign is now being rushed, and Wednesday will, it is expected, see hundreds of nightgowns donated.

"We must have only new flannel nightgowns," declared Mrs. Zeimer. "No other kind is practical. You see, the flannel nightgown has a double use. The peasant women use it either as a nightgown or dress, in the latter case putting

wet and dry elections for a period of eight years—No 4556, yes 4482.

**RETURNS STILL INCOMPLETE.**  
SAN FRANCISCO, Nov. 7.—Incomplete returns from Tuesday's vote on certain proposed constitutional amendments, on which definite figures have not been received heretofore, indicate the following results:

Probably adopted—Water commission act, regulation of public utilities, taxation of public property (No. 24), San Francisco harbor improvements.

Defeated—Investment companies act (the blue sky law), local taxation exemption, one day rest in seven, drugless practice act.

In doubt—Condemnation of property for public purposes, valuation of condemned public utilities, by the State Railroad Commission.

The vote follows:  
No. 5, investment companies act—1043 precincts out of 4555 in the state. For 52.97%, against 105,224.

No. 6, water commission act—1527 precincts—For 140,473, against 129,341.

No. 7, local taxation exemption, 971 precincts—For 52,971, against 132,174.

No. 18, condemnation for public purposes, 1507 precincts—For 117,526, against 15,754.

No. 20, regulation of public utilities, 1405 precincts—For 125,566, against 107,738.

No. 3, valuation of condemned public utilities by railroad commission, 1405 precincts—For 125,566, against 107,738.

No. 4, one day rest in seven, 1405 precincts—For 133,289, against 172,181.

No. 49, drugless practice act, 1495 precincts—For 102,301, against 194,364.

No. 48, San Francisco harbor improvement, 951 precincts—For 147,719, against 22,979.

a skirt over it. The weather is cold and some of these women are in rags.

"This is a serious campaign, and extremely practical as any woman will realize. We are making this, therefore, an exclusively women's movement. We want all women to join in our work, that it may be carried on according to a broad, non-sectarian principle, with but one end in view—doing good, and doing it quickly; for the relief ship will sail soon and we must have the goods ready."

**CONTINUE FOR WEEK.**  
The headquarters of the women's relief committee will remain open in the Federal Building for one week, beginning Wednesday next. Members of the committee will be constantly in charge and other committees will be busy, interviewing club leaders and otherwise urging the work before them.

"We want the co-operation of every woman in Oakland," said Mrs. Mosbacher. "This movement is a broad movement for the aid of stricken women in another land, and it is said that women should give. We want help. We want the women of Oakland, to rally to the committee and to assist in this bit work."

Interested with the two originators are Mrs. Frederick Kahn, Mrs. Sarah Lavenex, Mrs. Helen Peniston, Mrs. Hugh Peniston and Mrs. F. L. Peniston. Full committee will be announced soon.

551 precincts—For 79,430, against 76,365.

No. 24, taxation of public property, 951 precincts—For 94,533, against 63,045.

No. 45, one day rest in seven, 1405 precincts—For 133,289, against 172,181.

No. 49, drugless practice act, 1495 precincts—For 102,301, against 194,364.

No. 48, San Francisco harbor improvement, 951 precincts—For 147,719, against 22,979.

Los Angeles county vote on No. 48 has not been reported.

**Near and Far Vision Without Confusion**

It is now possible to wear double vision glasses without the discomfort formerly experienced with the double and fused kind.

By a process different than any ever used before, near and far vision glasses, are ground on the exterior surfaces of a single piece of optical glass of a special formula.

All forms of double vision lenses heretofore have had to be made by welding, or fusing, and cementing two pieces of glass together. These processes caused certain optical imperfections, injurious and confusing to the eyes.

The new One-piece Bifocal, free from all such imperfections, are ground at the three stores of the California Optical Company, 1221 Broadway, Oakland; 151 Post and 2508 Mission Sts., San Francisco.

### TO CALL MASS MEETING ON ELECTION

Call for a mass meeting of election officers who served during the last week in compiling the results of the ballots cast Tuesday has been sent out today by A. E. Clark, member of one of the election boards, the meeting to be held tomorrow at the Hall of Records. Committees will be appointed to wait upon the Supervisors next Monday, at which time demands will be made for extra remuneration for those who served more than one day and as much as three days and nights.

Under the law election officers are paid \$10 for their services. Since the registration of the state has doubled under woman suffrage and the registration in the different precincts vastly increased, the length of time necessary to count the ballots has also doubled, though the remuneration remained the same. In this county in spite of the great registration of 123,000, the election precincts were not changed.

There are 251 actual precincts in the county and in many of these the registration of voters amounted to as many as 1000 men and women. In several of the precincts more than 500 ballots were cast and in a number of others more than 700. Owing to the length of the ballot and the consequent time consumed to count the different offices and the 48 amendments, scores of election boards worked day and night.

Protests were entered by several of the election boards yesterday when they returned their precincts. It is intimated that there are provisions in the election laws, that not more than 200 registrations should constitute a precinct.

After the primaries when the Supervisors discovered that there were not enough precincts in the county it was too late to change them and they made the best of the situation by providing extra booths in some of the larger precincts for the accommodation of the voters.

But now the over-worked election boards want extra pay. It is a question that is in the hands of the Supervisors for the county would have to foot the extra cost unless an appropriation could be obtained from the state covering the emergency.

Deputy District Attorney Maney Clark stated today that he did not believe there is any way that the Supervisors can appropriate extra compensation for the dissatisfied election boards as the remuneration has been fixed by law at \$10.

### MERGER PLAN RATIFIED BY CHAMBER

A membership meeting of the chamber of commerce, ratifying the action of its board of directors in consolidating with the Commercial club, and the first meeting of the new board of directors, chosen from the old boards of both organizations, last night finished the formal details of the action taken two days ago, when the chamber directors voted unanimously to come into the Commercial club ranks.

Last night's proceedings were entirely formal. The membership meeting was held in the chamber of commerce rooms, the ratification of the directors' action being unanimous. The directors will meet again Monday night by which time the incorporation papers of the Chamber of Commerce-Commercial club consolidated, as the new organization is to be known, will be returned. This session will take place at 8 o'clock in the Commercial club rooms in the Hotel Oakland. At this session election of officers and organization detail will be completed.

**PREMATURE ACTION.**  
O. T. Hotie last night nominated Victor H. Metcalf as the first president and the nominations were closed by unanimous vote before Charles E. Snook, legal adviser of the two bodies, informed them that such election could not legally take place until after incorporation. Hotie then withdrew his motion, making it he declared that Metcalf a national figure was the only possible man for the office during 1915. Members of the board predict Metcalf's unanimous election to the office as soon as the by-laws are adopted.

President Jonas set the matter before the membership meeting of the old chamber, making an elaborate report in which he reviewed the work of the chamber, thanked the directors and members who have loyally supported his administration, and finally appealed to the members to support the board in its latest step of expansion. The consolidation was unanimously ratified.

H. C. Capwell, former president of the chamber, paid a striking tribute to the work of President Jonas in the director's meeting when, outlining the different phases of the chamber's history, he declared that consolidation would have been impossible but for the president.

**DUE TO JONAS.**  
"We could not have reached this stage but for the work of President Jonas," declared Capwell. "For a year he has led us. Many presidents smile and let things pass. Mr. Jonas can both smile and snarl—and has done either as the occasion demanded. When Mr. Jonas decided that it was time to get together, he practically put through the project. We owe a vote of thanks to Mr. Jonas."

"I thank you for these kind words, from the bottom of my heart," said Jonas. "But there were men in the Commercial club just as sincere. The only thing that might be said was that the

### GIRLS MUST HAVE UNION CARD TO WED

NEW YORK, Nov. 7.—When he goes to Congress, Meyer London, Socialist representative-elect, will try to have a law passed by which no workman will be allowed to marry a working girl unless she has a union card. London made this announcement today at a mass-meeting of the White Goods Workers' Union.

London has accomplished what has been in our minds for a long time," declared A. S. Lavenex, "and now the work is to be done better and better feeling will exist. This will mean co-operation of all the people—many of whom have not done their share in this work for the common good."

A unanimous vote of thanks was given President Jonas at the close of the meeting.

**TEMPORARY OFFICERS.**  
On the advice of Charles E. Snook, legal adviser of the board, no action was taken toward electing any but temporary officers to take charge until the incorporation papers are filed. When this is done constitution and by-laws will be adopted and officers then elected under them. The papers are being filed today in Sacramento.

Monday night, at the Commercial club, the temporary directors of the Chamber of Commerce-Commercial club consolidated met again, to organize their incorporated body.

President Jonas' report to the membership, in which he bade them farewell and urged their rallying to the new body, was as follows:

In the month of January you conferred upon me the high honor of electing me your president. It was very gratifying to me to have my many years of public work crowned by this evidence of the confidence and esteem of my fellow-members and co-workers, and I sincerely hope that you consider my efforts in your behalf to have merited the choice you made.

I had previously been a member of the board of directors, and while I had been closely associated with the work of the organization, none of the duties as chief executive had devolved upon me, and I took the position with the sincere desire to make this a year of achievement and a strong foundation for bigger and better things to come. I want to make it a year that each and every one of us could look back upon with pride; one in which we would have made our best and ourselves financially, but one in which we had formed many of the new friendships prized so highly by all.

I found, first, that while my predecessors had done so much for our city and the chamber, the activities of the organization were not proceeding as smoothly in the representative commercial body of this growing community as even they desired. Certain committees were acting with greater independence than was provided for in the by-laws, and a spirit of harmony did not prevail.

**FINANCES NOT SATISFACTORY.**  
I found upon further investigation that the financial affairs were not entirely satisfactory, but one in which we had formed many of the new friendships prized so highly by all.

### DIVORCES AND BLOWS IN CASE

Several Suits Brought; Angry Husbands Retaliates; Acquiescence Follows.

LOS ANGELES, Nov. 7.—A charge of assault to commit murder rested today in a justice court against C. C. Legerton, a young attorney elected Tuesday to fill a short term as judge of the county superior court. The charge was filed by W. J. Roepke, an automobile dealer, who objected to Legerton's attention to his stepdaughter, Miss Amber Fay.

Legerton, who became an attorney but a short time ago, noted before the August primary that the terms of outgoing superior judges did not end simultaneously and that this called for the election of a judge to fill an interregnum of two months. He got out nomination papers and won in Tuesday's election the right to sit as a superior judge for sixty days.

**TROUBLES NOT SINGLY.**  
His troubles, however, began just after the primary. He filed suit for divorce against his wife. Afterward he also filed suit for divorce for Mrs. Roepke, and Roepke retaliated by objecting to Legerton's alleged attentions to Miss Fay, Mrs. Roepke's daughter. Later P. R. Roepke, husband of Miss Fay's sister, also objected to the attention of the young judge-elect to his sister-in-law, and floured Legerton in a fight, it is said. Legerton thereupon filed suit for divorce on behalf of Mrs. Chavez. Roepke subsequently called at his former home and alleges that Legerton shot him there and chased him away with a repeating rifle, which, however, failed to discharge a bullet. Mrs. Roepke says the gun was not loaded.

**COTTAGE IS DESTROYED DESPITE FIRE FIGHTERS.**  
Fire of undetermined origin totally destroyed a cottage at 321 Prospect avenue late last night. The property belonged to Mrs. E. A. Werdmiller, 317 Prospect avenue, and was occupied by W. B. Harner. It was some time before the fire department arrived and the police assisted in removing furniture and personal belongings from the house. When the department arrived lack of sufficient force of water made it impossible to save the house. The loss is estimated at \$1500.

ABBING JIMMY SEWS CHIP INTO A SHROUD

nderful Indianan Too Clever for the Newcastle Slugger

JIMMY CLABBY won last night at Daly City from George Chip so cleanly and decisively that half the crowd never waited to see Referee Benny Selig raise the Indianan's gloved hand. It was apparent from the seventh round on that Chip's only chance of victory was to catch Clabby napping for a second and shoot in knockout blow. Clabby knew that; Chip knew it; the audience it; everyone knew it.

RIVAL RUGGERS GET THEIR LAST POLISHING TODAY

Stanford and California Teams in Their Last Practice Games.

TODAY'S RUGBY CARD.

At California—Varsity vs. Alumni. At Stanford—Varsity vs. Olympia. Second Varsity vs. St. Mary's. At Reno—Nevada vs. Titans. At Berkeley—Alameda vs. Berkeley. Fifty-sixth and Georgia Sts. At Los Angeles—Field—Lick vs. Cogswell. 10:30 a. m. At San Rafael—Hitchcock vs. Tamalpais.

The California University team will line up this afternoon for their final game before they meet the Stanford team. The team that will oppose the varsity is composed of alumni players of both California and Stanford. Hansen and Swartz, the two backs, will have places in the rear rank of the scrum while McLeister and Miller, also Bear alumni, will be hookers. Pauly and Mommson are former All-American players. Boulware of Stanford will also be seen in the scrum. Monte Morris, former California halfback, will handle the ball at half, while the famous Ames Pilot will fill in at first five. Chet Allen, with his same old full speed and vigor will grace the center three-quarter line. Jimmy Schaeffer's squad will include the same players who are to line up against Stanford on the 14th. Joe McKim Smith and Russell will hold down their old positions in the front row. Percy Douglas and Saunders will hold down the middle row while Thilden, Cohen and Lockhardt will comprise the rest of the pack. Montgomery, Glanelli, Brooks, Hunt and Sharpe, with the possibility of Schaeffer giving Lane a chance at Stanford's second five position, the latter a weak ankle will keep him out of today's game. Bonarville will again hold down the fullback position, the place which he will hold down in the same game. Ted Hiley will try to get some of the new players and with the many new yards that he also intends to display.

The Stanford Varsity will also wind up their season in their game with the Olympia Club team. Coach Brown's line-up has not been announced but it is thought that the varsity will give a rest. Milt Haley of the Olympia Club has rounded together a worth while team. Manager Wilcox has gotten "Bill" Howard, the Cupertino farmer boy, to referee.

Reverend Robinson will handle the referee for the big game may have on the showing of these two arbiters. Following the game, the U. C. and Olympia Club soccer teams will play. The U. C. team won a practice game from the Olympia on last Saturday.

The Alameda and Berkeley high school fifteen met today at City Athletic Grounds for the Bay City Athletic League championship. A big crowd of onlookers, and the game was very close. Coaches Butler of Alameda and Mackie of Berkeley were confident of their respective teams would emerge the victors. Each put his strongest team in the field.

The Titan Club team left last night for Reno, where they are to meet the University of Nevada fifteen. Twenty players made the trip, including Bill Knowles, the star of the team. The team is expected to be a very close one.

San Francisco High school followers will have their eyes on the Lock-O-Gate game, the winner to play Lowell for the county championship. The two teams have met on one time before, the Lock team having won. The game is expected to be a very close one.

Coach Brown of Stanford chook the "Farm" crowd up a bit yesterday by placing "Suede" Pettigall and Rehm in the middle row. The middle rank has been playing marvellously in the past and Brown's change was a very interesting one for the Stanford fans to watch.

AMERICAN LEAGUE DODGE PROBLEMS

CHICAGO, Nov. 7. — American League, in winding up their annual convention, left unsolved the two most important problems supposed to be on the program. The question of peace with the Federal League appeared no nearer solution for all the debate on the subject. No change in ownership or in the list of stockholders in the New York club was announced.

AMATEUR BASEBALL

The Niles-Essex Indians and the Newark club, with Pitchers Fodder Dolan and Martinson of the Portland Coasters on the club for each club respectively, will meet at Niles tomorrow in the second game of the series which is causing great interest in fandom. The entire gate receipts will go to the winner and a \$500 purse. George Hildebrand, who umpired the world's series, will handle the indicator. The two clubs met two weeks ago at Newark and Niles won 2 to 0, beating Kanthilmer of the Pittsburgh Pirates, while only one scratch hit was made off Fodder Dolan.

TURKEY DAY FOOTBALL DATE GIVEN TO "MARYLANDS"

Arrangements have been completed whereby the fast "Marylands" American football team, under the guidance of Coach Charles Gocher, will travel the Originals in Oakland at the State League Grove street grounds on Thanksgiving Day. The Originals-Maryland games last season were a big attraction in American football and Manager Thomas of the Originals feels very much pleased at being able to hook them up for Thanksgiving Day.

BASEBALL "Billy Fitz"

Despite recent rumors to the contrary, Tyler Christian will be the 1915 pilot of the Oakland Coast League Club. The silent, square-jawed pitcher who took the club in the middle of last season and vainly tried to boost it from last place, will get a chance to try his hand under more favorable conditions in the spring.

Christian and the owners of the Oakland franchise came to terms one day this week and mutual satisfaction was expressed over the alliance for 1915. Christian has signed his contract to manage the Oaks and is busy at work on several important deals.

The signing of Christian dispels the report that Harry Wolverton might be offered the post. Nor does it seem at all likely that there is anything to the rumor that Frank Ish might slip Wolverton the job which Ted Howard held. The truth is that Christian has a three-year contract to run the Oaks and the contract is only one year old.

The success of the Angels last year was a big thing for the league. It was a big thing for the league. It was a big thing for the league.

The return by the Coast league to the major league level, and will not detract any great extent from the effectiveness of the arbitration board. The Oakland team will have a big advantage in the regular season, and so is Walter McCredie, the Portland Van Moline.

The eagerness shown in certain quarters to secure the San Francisco franchise is probably traceable to the belief that the franchise will be a big thing for the league. It was a big thing for the league. It was a big thing for the league.

But one member of the Oakland infield will be seen at his post of duty next season if present plans materialize, and that chap is Field Captain Ted Howard. The contract, signed and sealed, is believed to be a big thing for the league. It was a big thing for the league. It was a big thing for the league.

The contract, signed and sealed, is believed to be a big thing for the league. It was a big thing for the league. It was a big thing for the league.

Harry Wakefield VICTORIOUS OVER EX-WORLD CHAMP

In one of the fastest games of three cushion billiards ever seen in this city, Harry Wakefield defeated Tom Hueston last evening in the Oakland billiard parlors. The game was a very close one.

Wakefield, however, always came through in the pinch and every big run of Hueston's was followed by clever play on the part of his opponent. After the 20th ball had been played, it was an uphill game for the ex-world champion, all the way.

There was a common and well-known fact in the game that has been seen here for many a day in a match game of the importance of the one staged by Chapin.

The score at the turn of the last but one was 135 for Wakefield and 136 for Hueston. Wakefield gained four points in the first ball. At the beginning of the game, Hueston looked as though Hueston would walk away from the trans-har crack for he made two pretty runs of six in the early stages of the game. Wakefield, however, always came through in the pinch and every big run of Hueston's was followed by clever play on the part of his opponent.

There is a common and well-known fact in the game that has been seen here for many a day in a match game of the importance of the one staged by Chapin.

**THE CHARM OF MOTHERHOOD**  
Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over the system has received a shock from which it is hard to recover. Following light upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

**CAPTAIN TELLS OF SHIP'S SINKING**

Commander of Elsinore Writes Graphically of Vessel's Destruction.

SAN FRANCISCO, Nov. 7.—The first detailed account of the sinking of the new British tank steamship Elsinore by the German cruiser Leipzig off the northern coast of Mexico on September 11 was received here yesterday in the form of a log written by Captain John Roberts of the vessel and dispatched to Comyn, Mackall & Co., local agents for the owners.

Captain Roberts' narrative is replete with dramatic incidents following the sinking, subsequent capture and sinking of the Elsinore by the Leipzig, and is perhaps the first story of its kind that has been made public since the beginning of the European hostilities.

Extracts from the log are as follows: September 11, 2:15 A. M.—Second officer reported to me that he saw smoke off the port bow and at once I went to the bridge. After the lapse of twenty minutes the vessel in question showed me in a foreign language, which I failed to understand, and I was immediately fired upon, the shot going across my bows. Upon this I stopped my ship and gave the order to return fire.

2:15 A. M.—A boat fully armed with twenty-five officers and men came alongside me and announced that they were from the German cruiser Leipzig, and that my steamer was seized as a prize of war and I and the rest of my crew were their prisoners. The officer in charge then demanded that I give him the ship's papers, including the register, official log book, crew's agreement and scrap log.

2:20 P. M.—I was signalled by Morse to alter my course to south 15 east, and again at 9:25 to steer south 45 east. Then I began to get anxious, wondering when we had the ship's papers, as we were at that time fifty miles from land.

10:30 A. M.—Sighted a cargo steamer ahead which proved to be the German ship Marie, but which at first I thought to be a poor unfortunate like myself, owing to his strange maneuvers. Afterward I found that he was obeying orders from the Leipzig and that the meeting had been prearranged. The Marie was in company with the cruiser to supply her with coal.

11:15 A. M.—Ordered to abandon the Elsinore and my officers, taking sufficient stores for eight days.

12:20 P. M.—Myself, my officers and crew boarded the Marie.

1:10 P. M.—The Leipzig commenced firing upon the Elsinore after drawing off to a mile. I could not bear to witness the sight, but my officers, taking ward told me that they put twelve shots into her and she began to blaze, a few minutes later sinking stern first.

September 11th—Came to anchor in Tagus Cove, Alameda Island, and cruiser came alongside and commenced to board. Commander sent for me and informed me that we would be landed at Callao and expressed his sympathy for me, saying that his reason for destroying my command was owing to the fact that the British had done the same to German shipping in the Atlantic.

INDICTED FOR GIVING PRIVATE CAR TO MORRIS

CHICAGO, Nov. 7.—A trip taken by the late Edward Morris, the packer, and seven members of his family to Hot Springs, Ark., Jan. 26, 1912, in a private car, was made the basis today of Federal indictments against the Chicago & Alton Railroad and V. L. Ross, its former vice-president. It is charged that six full fares and two half fares were paid by Mr. Morris, while the statutes require the payment of eighteen full fares for the use of a private car.

The indictments charge that when Morris made known his desire to go to Hot Springs, Ross arranged for the assignment of a private car to H. J. Stevenson, the assistant general freight agent. The car then proceeded with Morris and his family, and Stevenson, although he was on the same train, occupied a berth on another car.

The railroad company is liable to a maximum penalty of \$20,000, while the offense said to have been committed by Ross carries a maximum penalty of five years' imprisonment and a fine of \$5000. Ross is now president of the Toledo, St. Louis and Western Railroad, while Stevenson is vice-president.

An official of the Chicago and Alton said last night that when Morris boarded the train he met an official of the railroad who was making the same trip in his private car and who invited the family to share his car.

**SENTENCE DEFERRED.**

NEW YORK, Nov. 7.—Jared Flagg, convicted on Monday of using the mails to defraud, today was given the privilege of submitting briefs pleading for a new trial, and sentence was deferred until next Tuesday, when Judge Rudkin of the Federal District Court will hand down his decision regarding another trial.

Flagg's counsel today characterized his conviction as a gross miscarriage of justice, and Flagg himself pleaded vehemently for nearly an hour.

**MOVIE STARS MUCH LIKE OTHER FOLK**

MRS. MYRTLE LILLIAN GONZALES JONES, movie queen, who says actresses are home-loving.

LOS ANGELES, Nov. 7.—"Movie stars are much like other people. They are not gayety seekers. They are pronounced home bodies."

This was the assertion today of Mrs. Myrtle Lillian Gonzales Jones, movie queen, in explanation of the way of the starlets in which she and James Parkes Jones set sail in 1910. Judge Monroe granted her a divorce yesterday on charges of non-support and desertion.

Jones is also a movie actor.

"Our troubles were the outcome of my husband's not understanding that movie stars are very domestic when not acting before the camera," Mrs. Jones said.

"Now we have a fine little boy, and when my work was over I wanted to get home just as quickly as I could and pick up the baby and have a real good homey time."

"But not for Mr. Jones. We hadn't been married so very long before he began to think that women of other types were better looking than I, and associated with them."

"I didn't like the cavity and the things he and his new friends did, so I stayed home with my baby and he came home when there was no other place to go."

"The breach between us widened. My rise was rapid, but he and the other movie women he admired remained on the extra list. He couldn't understand why I didn't want to be on the go all the time. So I had to go to the divorce court much against my will, so that I could continue to be a lone body without his interference."

MRS. BURNHAM HAS TROPHIES OF CHASE

SAN FRANCISCO, Nov. 7.—Mrs. Frederick Burnham returned with her husband yesterday from a hunting trip in Alaska and brought with her trophies which proclaim her the champion woman hunter of the world.

In one achievement alone she surpassed those of many a famous hunter by killing three huge grizzly bears with five shots and within three days.

With her Mr. Burnham was preparing to follow the course of a glacier near where grizzly trails had been seen. At the arrival of the glacier they suddenly saw three large grizzlies ambling down the ice. Mrs. Burnham hurried across the foot of the glacier, jammed up the other side and caught a savage point facing the three bears.

She fired first. The first shot accounted for one, and before the other two could determine what had happened they both were lying dead on the ice.

When Mrs. Burnham and the guide returned to camp the Indian guides and their squaws refused to believe a woman had done it, but were finally convinced by the guide who accompanied Mrs. Burnham.

Mrs. Burnham's principal trophies which she brought back were heads of four grizzlies, two black goats, two caribou, two moose, one black wolf and two mountain sheep. Burnham's list included two grizzlies, three black goats, one black mountain sheep, one white sheep, one moose, three caribou and five black wolves.

The Burnham party left here about three months ago and spent most of the month of the Klondike river. They went up the river 470 miles from Wrangell, much farther than any white woman has been before and penetrated absolutely uncharted country.

The Burnhams did their hunting mostly separately. Mrs. Burnham taking one guide and Burnham another each day and setting out in different directions.

Mrs. Burnham has brought back a most becoming tan from her long exposure to sun and snow, and she said yesterday that it was hard work getting used to civilized woman's attire after three months of the freedom of breeches and puttees.

The Burnhams are staying at the St. Francis for a few days, after which they will be at home at their beautiful country estate in Contra Costa county, Spring Hill Farm.

WIFE MAKES SENSATIONAL CHARGES AGAINST HUSBY

NEW YORK, Nov. 7.—"My marital troubles can be traced directly to the

inexplicable fascination exerted over my husband by another woman. Because of this woman's influence he has given up his home, his children, and his wife, and has willingly staked his whole happiness and his professional future."

Thus remarkable statement was made by Mrs. Mary E. Beebe, who is suing Dr. Silas P. Beebe, professor in the Cornell University Medical College, and a noted scientist, for a separation.

In a very comfortable house, with garage and ample grounds, facing Pelham road, were found last night Dr. Beebe and the Misses Van Alstyne, Jesse H. Van Alstyne, their brother, and Mrs. Van Alstyne, the aged mother.

Miss Mabel Van Alstyne is exceedingly pretty, and both young women have great charm of manner. While Dr. Beebe puffed deep at his cigarette, Miss Eleanor Van Alstyne said:

"It is true the doctor and I are devoted friends. We have been for seven years. The intimations of his wife, however, are as untrue as they are unjust. Dr. Beebe does not live here. He is a very frequent and welcome visitor. He has a residence in New York and another at No. 236 Pelham road, New Rochelle."

"The automobile in our garage is registered in Dr. Beebe's name, but it is kept by us jointly. As to our move from Ego avenue to this house, it is true we are living in what is perhaps a more pretentious neighborhood, but the rent is paid and all the expenses of the place is borne by my brother, who is superintendent of construction of the Olds Elevator Company in New York."

COURT ADVISES WOMEN HOW TO TREAT FILTHS.

NEW YORK, Nov. 7.—Mrs. George Howe, niece of President Wilson, has engaged an attorney to fight Dr. Ernest C. White's efforts to secure a reversal of Magistrate Breen's verdict which sentenced Dr. White to the workhouse for attempting to flirt with Mrs. Howe.

Discussing White's petition for a rehearing, Magistrate Breen said:

"Women will confer a favor upon their sisters and upon the city by calling the nearest policeman just as soon as one of these mashers accosts her. She must have him arrested, and then she must follow this up by appearing against him in court. This is quite as essential as having him arrested because many, many men flirts have been turned loose because there was no complaint against them. Sometimes the policeman does not see the insult."

NATURE DEFIES BOARD OF EDUCATION'S LAWS.

NEW YORK, Nov. 7.—Mrs. Laura Wagner, the Tottenham teacher who is fighting the board of education for her right to motherhood, gave birth to a baby at 5 minutes to 1 o'clock yesterday morning in the Jewish Maternity Hospital where she had gone for the "twilight treatment."

Sixteen hours after the arrival of the baby, at five minutes to 5 yesterday afternoon, she received a reporter.

The news of the baby's birth came as a complete surprise to both the father and mother. Its coming was not expected until next month.

The mother herself knew nothing of the great event in her life until several hours after its occurrence. Under the influence of the "twilight treatment," administered by Doctor Schaeffer, she slept through the ordeal and awakened to find herself, much to her surprise, a mother.

Her case is one of the most extraordinary successful demonstrations of the "twilight treatment" which surgeons at the Jewish Maternity Hospital have seen.
